

# Code of Conduct

Child Rights Connect's main goal is to **protect, promote** and **advance** the **rights of all children!** We are committed to do this in all our **policies, decisions and actions.** Everything we do should also respect the UN Convention on the Rights of the Child and its Optional Protocols.

We have created this **Code of Conduct** to inform our team how they should behave. This document helps us to **protect** and **empower children** and **child rights** while doing our work.

## Safety

The safety and well-being of children who work with us is our priority! We also have a **Child Safeguarding Policy and Procedure** for this.

## Accessibility

We try to use a **child-friendly language** in all our activities !

## Child Participation

We work with & for children!  
We promote and defend a **safe, inclusive and empowering child participation** for all of our work and activities!

## Non-Discrimination

Everyone should be treated equally! We respect everyone **no matter what their age, gender, nationality, religion, sexual orientation or gender identity is.**

## Child Human Rights Defenders

We try to empower and support **Child Human Rights Defenders!** They have the right to be heard and defend their rights and the rights of other children!
