Child Rights Connect is the largest global network of child rights organisations, based in Geneva, Switzerland, reaching millions of children in around 185 countries and working to realise the rights of all children in all places through the UN human rights system. Child Rights Connect works to mainstream children's rights and a child rights-based approach throughout the broader UN human rights system. This includes monitoring human rights developments at the UN which may have an impact on children's rights and coordinating children's rights defenders around joint advocacy activities on key priority issues at the UN Human Rights Council. Our work also involves providing children's rights defenders, including children, with capacity-building and technical assistance to help them better promote, implement and monitor the CRC in their countries, through engaging with UN human rights mechanisms including the Committee on the Rights of the Child. You can find out more about our activities and strategic goals in our [Strategic Plan 2025-2029](#).
